INDIA CHEM 2026

22nd- 24th October, 2026
Nesco, Mumbai

The Department of Chemicals and Petrochemicals, Ministry of Chemicals and Fertilisers (Government of India), in partnership with FICCI, will host the 14th edition of **India Chem 2026** from 22nd to 24th October 2026.

India Chem 2026, a flagship event of the Department of Chemicals and Petrochemicals, highlights the sector's vast potential. It is one of the largest composite events in Asia-Pacific, featuring both an International Exhibition and Conference.

The event will showcase tremendous potential and supportive government policy for sustainable growth in the sector and will be a single platform for investors, both domestic and international, and other stakeholders to interact and forge alliances, thereby providing immense potential for trade and investment in a mutually beneficial way. Concurrent sessions at the conference will feature the Global CEOs Round Table, industry-specific conclaves on Chemicals, Petrochemicals, Agrochemicals, and Process & Machinery, along with focused global industry interactions between India and partner countries.

The Indian Chemical Industry is positioned for significant growth, with projections of reaching 300 billion by 2030 and $850 to 1,000 billion by 2040. This expansion supports India's goal of becoming the world's third-largest economy with a GDP of $7 trillion by 2030. The industry's resilience amid global challenges stands as a strong testament to its continued appeal as an attractive hub for opportunities.

India is fast emerging as a preferred global destination, driven by good governance, world-class infrastructure, robust trade and investment policies, a strong regulatory framework, and the availability of skilled labour at competitive costs. With its demographic dividend, low per capita consumption, rising export demand, and enabling government initiatives, India is poised to become a global manufacturing hub for chemicals and petrochemicals, supporting the nation's vision of achieving developed country status by 2047.

BUSINESS OPPORTUNITIES

- Transfer of technologies, investment, JV, research, and development
- Supply of plant, machinery, process control equipment, project, and services etc.
- Logistics, Warehousing and Supply Chain in Chemicals
- Sourcing requirements from India (Global Sourcing Hub)
- Showcasing latest products, machinery, equipment & innovations for marketing and business generation
- Technology adoption, digitalization & process upgradation
- Investment in PCPIRs and Chemical Parks
- Contract research, manufacturing & custom synthesis
- Green & sustainable technologies (bio-based chemicals, recycling, circular economy)
- Advanced materials research (nanomaterials, semiconductors, composites, biodegradable polymers).
- Collaborations in ESG, safety & compliance solutions.
- Joint venture partners business tie ups and project collaborators
- Collaborations in specialty and high-performance materials (aerospace, automotive, electronics, renewable energy).
- Start-up collaborations & incubation in chemicals and materials science
- Skill development & training partnerships for workforce readiness
- Fintech, trade finance & insurance services for chemical exports/imports
- Digital platforms for e-commerce & B2B trade in chemicals

HIGHLIGHTS OF INDIA CHEM 2026

- International participation from 100+ countries including Japan, USA, Canada, UK, EU, Latin America, Vietnam, Korea, ASEAN & more
- Participation of PCPIR and Chemical Hub States: Gujarat, Odisha, Andhra Pradesh, Tamil Nadu, Madhya Pradesh, Rajasthan & Maharashtra
- Buyers' delegations from South America, USA, EU, CIS, West Europe, Middle East, South & South-East Asia
- 8000+ business visitors from India & abroad expected
- 200+ Indian & international exhibitors showcasing cutting-edge products & technologies
- 50+ top CEOs from India & overseas to deliberate at the Global CEOs Forum

VISITOR PROFILE

- Policy Makers & Government Officials (Central & State Ministries, Regulatory Bodies)
- Global CEOs, Senior Executives & Decision Makers from Chemicals & Petrochemicals
- R&D Heads, Scientists & Technical Experts
- Trade & Industry Associations (India & International)
- Importers, Exporters & Global Sourcing Delegations
- Procurement Heads & Supply Chain Managers
- Project Developers & EPC (Engineering, Procurement & Construction) Companies
- Academia, Universities & Research Institutions
- Investors, VCs & Financial Institutions (Private Equity, Banks, Trade Finance)
- Start-ups & Innovators in Chemicals, Specialty Chemicals & Sustainability
- Representatives from allied sectors (Pharma, Textiles, Plastics, Automobiles, Aerospace, Electronics, Renewable Energy, Packaging, Agriculture)
- Consultants & Service Providers (Legal, IP, Technology Transfer, ESG, EHS & Compliance)
- Logistics, Warehousing & Supply Chain Operators
- Media, Trade Journals & Industry Analysts

GLIMPSES OF INDIA CHEM 2024

- 172 Exhibitors from India & abroad
- 78 Global CEOs deliberating on industry opportunities & challenges
- 135 Eminent Speakers across forums & roundtables
- 689 Foreign Delegates representing global chemical hubs
- 1115 Indian Delegates from leading companies & institutions
- 8720 Business Visitors from India & overseas
- 20 State Delegations showcasing investment opportunities
- Participation from 72 Countries across all continents
- Partner States: Odisha, Rajasthan, Madhya Pradesh, Andhra Pradesh & Gujarat

EXHIBITORS' PROFILE

CHEMICALS

- Fine & Specialty Chemicals
- Agrochemicals & Fertilizers
- Basic Chemicals, Dyes & Pigments
- Green & Sustainable Chemicals
- Chemicals from Herbal & Natural Resources
- Paints, Coatings & Adhesives
- Soaps, Detergents & Surfactants
- Flavours, Fragrances & Food Additives
- API Intermediates & Pharmaceutical Ingredients
- Water Treatment & Desalination Chemicals
- Clean Technology & Sustainability Solutions
- Waste Management, Feedstock Linkages, Processing & Marketing Consultancy
- Industrial R&D and Innovation
- Mechanical & Thermal Processing Technologies
- Inorganic & Organic Chemicals
- Construction Chemicals & Additives
- Textile, Leather & Paper Chemicals

PETROCHEMICALS

- Polymers & Engineering Plastics
- Olefins
- Synthetic Fibers & Filaments
- Elastomers & Rubbers
- Aromatics & Derivatives
- Surfactants
- Bio-based & Recycled Petrochemicals
- Performance Plastics & Composite Materials
- Packaging Materials & Films
- Specialty Polymers for Automotive, Aerospace & Electronics

PROCESS PLANT MACHINERY & EQUIPMENT

- Process & Plant Technology
- Advanced Machinery & Equipment
- Engineering, Project Management & Construction Services
- Digitalization, Automation & Smart Manufacturing Solutions
- Environmental & Pollution Control Systems
- Filtration & Separation Technologies
- Process Plant Design & Turnkey Services
- Pumps, Valves & Safety Systems
- Pipes, Tubes, Fittings, Test Kits & Procedures
- Environmental & Water Management Systems
- Laboratory Equipment & Analytical Apparatus
- R&D Instruments & Pilot Plants
- Spectroscopy, Chromatography & Microscopy Solutions
- Testing, Measurement & Instrumentation Technologies
- Robotics & AI-driven Solutions for Chemical Plants
- Fire Safety, Hazard Management & Industrial Safety Systems

GLIMPSES OF INDIA CHEM 2024

Participation Fee*		
Exhibition Stall	**INR**	**USD**
Raw Space (Min. 24 Sqm)	12500 per Sqm	400 per Sqm
Shell Space (Min. 9 Sqm)	13500 per Sqm	450 per Sqm

*GST 18% extra
