What Global Delegates Said About the 1st Edition ?

"In my view, this event is very well organized, featuring impressive exhibitor designs and a wide range of construction materials from building supplies to ceramics and sanitary ware. The quality and explanations provided were excellent. It truly brings together many industry participants and showcases innovative products with designs that could revolutionize the construction industry. Thank you."

- Mr. Coutinho Madalena Pedro, CEO, Metallica Qiz (Angola, Central Africa)

"I represent Catricura and we were delighted to be invited to this fair, which we found incredibly diverse and entertaining. We were impressed by the high quality of the products and the wide range of industries represented. It's a fantastic initiative, and I truly appreciate the direction India is taking with such events. I'm grateful for the invitation and extend my congratulations and best wishes to all the exhibitors working to build global commercial relationships."

- Ms. Paulina Fronzalez Romero, Chile, South America

"It was a wonderful experience to visit the vibrant Buildcon Hall in India. A big thank you to the entire organizing team. Yashobhoomi is truly an iconic venue, and the fair itself is going very well with over 300 exhibitors, mainly in the tiling business from Morbi, Gujarat, along with CP fittings and sanitary ware. While a few segments like windows and doors could be added to enhance the fair, overall it's a great initiative. As a builder from Australia, we usually source from China, but the variety and quality of tiles here are unmatched. This visit marks a strong first step toward building business ties with India, and we look forward to importing more in the future. Thank you once again to the Vibrant team for the warm welcome. Jai Hind, Jai Bharat!"

- Johar Kumar (JKG Homes), Australia

"We are Frank and Nicola Sfilks, a father and son from Argentina, and this is our first time visiting India. We've been truly delighted by the experience so far the culture is very different from ours, but incredibly beautiful, and the people here are so kind and welcoming. We're currently attending an exhibition, and we must say, it's been a great experience-definitely next level. We're thankful for the warm hospitality and excited to be part of this amazing event.

- Frank and Nicola Sfilks from Argentina
